The Spirit Of Freedom's Battle Hymn

This is America's Peril:

Impious Prussian war lords, drunk with imperial power and sodden with lust to rule the earth, seek by every evil and savage means to impose their kultur on mankind and to destroy the free institutions of liberty for which patriots in all lands have suffered unto death to establish and perpetuate under God.

This is America's Resolve:

We the people, conscious of the moral strength which a just cause adds to the power of a hundred million enlightened freemen, solemnly vow to the Ruler of the Universe that this Teuton tyranny shall be crushed at all costs, by giving blow for blow on land and sea under Old Glory until humanity shall be avenged and the world made safe for democracy.
